32 Minnesota and Wisconsin students awarded higher education scholarships from Flint Hills Resources

Rosemount, Minn. – Flint Hills Resources awarded its annual Discovery Scholarships to 32 college-bound students from 21 Minnesota and Wisconsin high schools at a celebration banquet on June 7. Since 1991, Discovery Scholarships have helped advance the academic careers of more than 500 Minnesota students by awarding more than \$1 million in total scholarships. These annual scholarships are awarded to high school seniors in communities where Flint Hills operates, including its refinery operations in Dakota County, the Minnesota Pipe Line originating in Clearbrook, MN and the company’s Wisconsin Pipeline system. Scholarship winners were selected to receive these scholarships toward their higher educational futures based on academic performance, contributions to their communities and a demonstrated entrepreneurial spirit. About Flint Hills Resources

Flint Hills Resources is a leading refining company with operations primarily in the Midwest and Texas. Flint Hills operates the Pine Bend refinery in Rosemount, Minnesota and two refineries in Corpus Christi, TX with a combined crude oil processing capacity of more than 700,000 barrels per day. The company produces, markets and transports refined products including gasoline, diesel, jet fuel, asphalt and heating oils. Flint Hills Resources also owns and/or operates more than 4,000 miles of pipelines, including the Minnesota Pipe Line, that transport crude oil, refined petroleum products, natural gas liquids and chemicals that are delivered through a distribution system of more than 40 terminals throughout the Midwest and Texas.
